“NURI”, where the light meets the world, is your newest Korean favorite restaurant.

Nuri is a term that has a special significance in both the Arabic and Korean languages.
In Arabic, it means “Light”, shining or brightness.

In Korean, it is a native word which means “World”, emphasizing that the world is connected in so many ways.

This Light connects people through love, friendship, and happiness.
Experience the Light with your friends and family during your Korean dining experience here in the World of “NURI”

Building up from the roots of Madang, with the tradition of authentic Korean cuisine, we have refined our concept and created a luxurious Korean grill and bar restaurant that seamlessly blends the art of fine dining with the attraction of a vibrant bar, private karaoke, and Omakase dining experience.

Situated in the heart of Yas Island, Abu Dhabi, Nuri is the ultimate destination for an exceptional culinary adventure, and the epitome of Korean barbecue fine dining where water aging dominates and flavor knows no boundaries.

We are thrilled to bring the traditional flavors of Korea to the heart of Abu Dhabi.

Korean Han-woo

Weight: 1,000lbs-1,200lbs
Source: South Korean provinces

“The Pride of Korea,” “The Golden Cut”

Hanwoo beef, native to Korea, is celebrated for its deep flavor, fine marbling, and natural sweetness. Unlike imported breeds, Hanwoo cattle are traditionally raised on small farms and fed a carefully balanced diet of grains and grasses, resulting in meat that is rich, buttery, and distinctly aromatic. Hanwoo offers a uniquely refined umami profile that embodies the harmony of Korean culinary tradition.

Japanese Wagyu

Weight: 1,100lbs-1,200lbs
Source: Kagoshima & Miyazaki prefecture

“The Sublime,” “The Butter Steak”

Wagyu translates into “Japanese cattle” and beef produced there is the rarest and most expensive on earth. Through diligent breeding and farming practices the Japanese have developed beef with the most abundant marbling of any breed. The resulting meat is astonishingly tender and toothsome, truly a luxury experience.

American Black Angus

Weight: 3500lbs-4200lbs
Source: Specialty farms across the Midwest

“America’s Pride,” “The Steakhouse Classic”

Black Angus is the dominant beef breed in the US. It is known for producing large muscles with abundant marbling resulting in high quality meat. We dry age our Prime grade Black Angus beef in house to maximize its flavor by expelling water from the subprimals and, through an enzymatic process, tenderizing the beef from within.

HAN-WOO STORY

Korea’s Proud Heritage Beef

For centuries, Korea’s gentle hills have nurtured one of the world’s most prized treasures. Hanwoo (한우) the native Korean cattle. Once reserved for royalty and sacred ceremonies, Hanwoo symbolizes prestige, tradition, and national pride.

Raised with care on small family farms in Gangwon and Gyeonggi, Hanwoo cattle thrive on a natural diet of grains, grasses, and clean mountain water. Farmers believe harmony between nature and nurture brings out the beef’s finest quality.

Renowned for its delicate marbling, Hanwoo offers a buttery texture and deep, savory flavor with a subtle sweetness that lingers. It embodies centuries of craftsmanship and devotion, making every bite a taste of Korea’s heritage.

Water-Aged Meat

A method of aging for about 360 hours or more in low-temperature salt water at 1 degree Celsius. Maintaining a certain temperature has the effect of softening the meat and deepening the flavor, and minimizing the drip caused by gravity to prevent loss of juice.

NURI OMAKASE | 누리 오마카세

Try the Nuri Omakase ("I will leave it up to you") course, where our chef presents the finest seasonal selections.

We offer a specially crafted 10-course menu, Prime cuts of meat, and fresh seafood using the finest ingredients imported directly from South Korea.
